## History

The Association was founded in Dublin in 1989 by serving and retired members of the P.D.F. The Association soon spread countrywide. It was felt that the interests of veterans who had served their country on overseas service and had contributed significantly to world peace were not been addressed. Another reason for setting up was it was important to keep alive and honour the memory of our comrades who gave their lives in the cause of peace.

## Objectives

- To provide advice and counseling service to members and their families.
- To encourage and assist research into the problems and treatment of members who have been affected by their United Nations Services.
- To establish, maintain and encourage contact with Associations similarly constituted in other countries.
- To organize sporting, cultural, and sporting activities for members and their families.
- To promote public understanding of the Irish Role in United Nations Operations.
- To promote and protect the interests of its members.
- To establish a scheme or schemes to benefit members and their dependents.
- To rent, take, or lease or otherwise acquire property for the purpose of the association and to invest the funds of the Association in such property and investment accounts.
- To publish pamphlets, periodicals, and other documents for the purpose of furthering the interests of the Association.
- For the purpose of promotion and achievement of the above objectives to raise money by subscription of its members and to raise funds by all other lawful means that may be necessary from time to time, and to secure payment of any money in any manner whatsoever.
- To do all, or any such lawful things, incidental or conducive to the attainment of all or any of the above objectives.
